WOULD INSTALL PHI DELTA CHAPTER HERE

Washington Alumni Club Favors Representation at G. W. U.

"MOST PROGRESSIVE COLLEGE IN THE WORLD," CLAIMS REV. DR. NELMS

Many Members of Congress Hear Praise of This Institution at Banquet at University Club; Past Attempts to Secure Chapter Here Cited

Rev. Dr. J. Henning Nelms, rector of the Church of the Ascension, at the annual founders' day banquet of the Washington Alumni Club of the Phi Delta Theta Fraternity held at the University Club Saturday night, started a movement which may result at some future date in the installation of a chapter of Phi Delta Theta at this Institution.

After addresses by Representative William W. Venable of Mississippi, Representative Patrick Norton, of North Dakota, and Representative Rufus Hardy, of Georgia, Dr. Nelms brought up the question of installing a chapter of his fraternity at this Institution. His remarks were received favorably by those present.

He lamented the fact that his son who is attending classes here has not the opportunity of wearing the "Sword and Shield," the pin that Dr. Nelms wore himself when he was going through the routine of studies during his college life.

"George Washington University is making more progress today than any other university in the United States—more, I sincerely believe, than any university in the world," declared Dr. Nelms. "It is growing not only in numbers and those material adjuncts which go toward making a great university but it is making its greatest progress in real educational matters."

"I trust that this alumni chapter of our Fraternity will take active steps to some day install a chapter of our Fraternity at George Washington University."

Claude N. Bennett told the history of attempts to secure a chapter at George Washington on the part of the Alumni Club and of the rejections by the national council of the Fraternity.

Mr. Bennett then moved that a committee be appointed to communicate with the national officers of Phi Delta Theta and to reopen the question as to the advisability of George Washington University as a field for the Fraternity, which has at present 79 chapters in nearly every state in the Union, with two in Canada, and which is said to own more chapter houses than any other national college fraternity.

By unanimous action of the 50 members of the Fraternity present, Mr. Bennett was appointed chairman of such a committee with Representative Hardy Dr. Nelms and Ralph J. Williams as assistants.

Should the national council be persuaded to look with favor on the project, it would necessitate action by the national convention, which meets in Atlanta, Ga., next year.

Besides those members of Congress who attended this function many others are members but were unable to be present. Many of the country's most influential men are members of this order.

Men prominent in the political world elected as officers of the local alumni branch are: Senator Duncan U. Fletcher, president; Representative Hiram Johnston, vice-president; Representative

(Continued on page 6.)

NO TRIP TO ALEXANDRIA

The students of chemistry will no doubt be disappointed to learn that the annual trip to Alexandria to visit the Sulphuric Acid Works, the Glass Works and Fertilizer Plant cannot be taken this year for the reason of stringent legislation to the effect that no visitors are permitted through the Sulphuric Acid Works.

Arrangements have been completed for a talk on pharmaceutical chemistry by one of our graduate students at the next meeting, April 12.

The trip to Baltimore this year will be taken about April 29.

ENGINEERS ISSUE BASEBALL CHALLENGE TO ALL LOCAL TEAMS

Will Declare Themselves Champions If Challenge is Not Accepted by April 8; W. S. James Taking Charge of Team

"The College of Engineering of the George Washington University hereby challenges any other College, School or Department of the University to a game or series of games to decide the baseball championship of this University," is the statement given a Hatchet representative by W. S. James who is taking the most active part in endeavoring to stir up inter-departmental athletics here.

The games, according to Mr. James, will be held in the afternoon on the Monument Ellipse during the months of April or May, or both.

Any of the above mentioned Colleges, Schools or Departments daring to accept the challenge should communicate with Prof. Dougherty, chairman of the Athletic Committee, who has been chosen as the proper authority to award the championship of the University.

The lack of acceptance of this challenge by April 8, 1916 will be taken as an acknowledgment of the preeminence of the College of Engineering in the national game at this Institution.

It is up to the other departments to select such a man as James for their department and have him take charge of arranging games with the several branches of this University.

PRESIDENT APPOINTS COMMITTEES

At a meeting of the President's Council held March 17, the President appointed a committee to take under consideration all questions relating to the admission of students to the University as follows: Dean Hodgkins, chairman; Deans Munroe, Wilbur, Ruediger, Fraser, Borden, Walton, Kalusowski and Buckingham.

The President appointed as a standing committee of the Council having charge of matters relating to the Summer School, Dean Ruediger, chairman; Professors Hodgkins, Wilbur, Hunter and Schreiber.

LATE NEWS

Wed., March 22, 10 A. M.—The Dramatic Association has decided to produce "Green Stockings," a comedy by A. E. Maron, as the season play. See next issue for details.

Wed., March 22, 5 P. M.—Several of the leading lights of the Dramatic Association, dissatisfied with the policy of the present organization are deciding to detach themselves and form a Dramatic Club similar to the Calcium Club at one time in existence here, is the report.

Thurs., March 23, 10 A. M.—A bout is to be staged shortly between the best boxers of the Department of Arts and Sciences to decide the championship of the University.

MGR. TERRY PRESENTS FINANCIAL SITUATION

Students Do Not Realize Inconvenience Caused by Their Inactivity

NO IMPROVEMENT OVER LAST WEEK

Solicitors Should Get Busy and Collect Athletic Ticket Money; Poor Showing of Basket Ball Team Due to Lack of Funds in that Coach for Whole Season Could Not Be Procured.

By Leo C. Terry
Manager of the Basket Ball Team

I am taking this means of presenting to the students the present financial condition of the Athletic Association. It is intolerable as it is, and an absolute shame to the student-body. Something must be done immediately toward alleviating this condition.

At the beginning of the year the students rallied to the support of athletics in a very gratifying manner and things looked bright indeed for a successful season, but owing to the small amount of money paid in on season tickets, the possibility of procuring an experienced coach for basket ball was precluded. As a consequence, we lost game after game, though the members of the team tried their hardest. Finally, George Colliflower was secured to coach the remainder of the season and the team began playing better.

The players were sent off on their northern trip without any money, and when they reached Bucknell and had the game canceled on them, as has been stated before, they were left stranded. I borrowed \$50.00 from my Fraternity brothers and was then able to get them back home.

Prof. McNemar had also been compelled to raise some money for the expenses of the meet, and on his personal word, borrowed \$250.00. When the meet needed a deficit of about \$130.00 we were both left in the hole, and the members of the basketball team who had advanced their own expenses were unable to get their money.

To date, the situation has improved but very little. The students do not seem to realize the inconvenience this has caused, for they are mighty slow about paying the money, they owe.

The season tickets that were sold to students were issued in good faith, and with the expectation that they would meet the obligation they took upon themselves by subscribing. If the student did not use his ticket, that is not the fault of the Association. The games were played and the track meet held, all for the benefit of the students. If they did not use their tickets to attend, it is all the more to their discredit for not supporting the teams. They took these obligations of their own free will, and the Association will hold every one who subscribed fully responsible for payment.

It is truly a disgrace that things have been allowed to reach their present condition. The solicitors who sold the tickets should get busy collecting, and the student himself should not wait to be asked, but should send in his \$2.00 immediately. Unless this is done, we are going to be under a severe handicap in football, which would be very bad.

(Continued on page 2.)

TENNIS PLAYERS WANTED

All candidates for the tennis team should give their names to Fenton Fadeley as soon as possible. Law School men may hand their names to Rhesa Norris.

Mr. Fadeley has been appointed manager for the ensuing season by Dean Fraser, chairman of the Committee on Student Activities. An extensive schedule is being arranged and will be published in an early number of *The Hatchet*.

GIRLS ADD TWO MORE VICTORIES TO THEIR RECORD

Basket Ball Team Wins From Swarthmore and Temple U.; Miss Reh Stars in Swarthmore Game

The girls of the basket ball team are home again after a successful trip, during which they added two more games to their string of victories.

On Friday afternoon, March 17, they defeated Swarthmore by a score of 35 to 20. Miss Reh was the star of the game.

Line-up and summary:

G. W. U.	SWARTHMORE.
Miss Seibold	L. F. Miss K. Wright
Miss Reh	R. F. Miss Sullivan
Miss Gardner	Center Miss Maxwell
Miss Callihan	S. C. Miss Shoemaker
Miss Carter	R. G. Miss Coles
Miss Stimpson	L. G. Miss Philip

Substitutions—Miss Helen Hotchkiss for Miss Agnes Carter.
Goals from floor—Miss Seibold (7), Miss Reh (7), Miss Wright (7), Miss Sullivan (1).
Goals from foul line—Miss Seibold (2), Miss Reh (3), Miss Wright (1), Miss Sullivan (3).
Time of halves, 15 minutes. Referee, Miss Eva Baker.

The following night the same line-up won from the Temple University girls of Philadelphia.

Line-up and summary:

G. W. U.	TEMPLE U.
Miss Seibold	L. F. Miss Zesinger
Miss Reh	R. F. Miss Irons
Miss Gardner	Center Miss Vorhees
Miss Callihan	S. C. Miss Botkelman
Miss Carter	R. G. Miss Buzby
Miss Stimpson	L. G. Miss Huntington

Substitutions—Miss Hotchkiss for Miss Callihan.
Goals from floor—Miss Seibold (6), Miss Reh (2), Miss Zesinger (5), Miss Irons (1).
Goals from foul line—Miss Seibold (3), Miss Reh (3), Miss Zesinger (4). Time of halves, 15 minutes. Referee, Miss Preston and Miss Eva Baker.

The final score in this game was 22-17, a decided drop from the decisive Swarthmore score. Our girls came as near losing as they ever have. The score at the end of the first half ended 10 to 8 in favor of Temple, but in the last five minutes of play, both G. W. forwards made a quick succession of shots that decided the result.

A noticeable feature of both games was the team work of the G. W. U. team, that came from Miss Baker's excellent coaching.

This is the second year that the girls have taken this trip, and it will be regarded as an annual thing hereafter. It ought to serve as an added incentive for more girls to try for basket ball.

Next Saturday night, March 25, there is a return game with Ingram at the Epiphany gym. It is urged that a large crowd come out to support the girls. Admission will be 25 cents.

VIRGINIA WINS SOUTH ATLANTIC HONORS

In one of the best seasons of basket ball for many years, Virginia came out with the South Atlantic title. G. U., Gallaudet and George Washington each made a fair showing, the first two breaking even, while Virginia was only beaten once. Catholic University missed the title by loss of several players which caused it to drop four games in hard fought contests.

FOOTBALL SITUATION PROGRESSING RAPIDLY

Manager McKnew Reports "Machinery" Working Smoothly

MAGGY MAGOFFIN PROBABLE CHOICE FOR COACH

Assistant Managers to be Appointed Next Monday; American League Park or the New Central Stadium to be Used for Home Games; Not to Play C. U.; Prospects for Splendid Material for Varsity.

The football situation grows brighter each week for a successful season next year.

From present indications it appears that not only will our varsity team meet the leading elevens in this section of the country, but it appears that it will be a team that will be able to cope with them. The material in the school is abundant and with the addition of the men who will be attracted here next year because of football—the indications of a strong team are excellent. The Y. M. C. A. will be used as training quarters and locker space while the management has secured a field across from the Pan American Building on 17th Street for practice purposes. This makes an ideal location, for all the departments as well as men who work in the Government departments, who wish to play.

The games will be played either at the New Central Stadium or the American League Park—either place being ideal for handling the crowds we expect will support a strong local team. The only element which has not been taken up has been the element of organized student support. This is essential. We want cheering clubs to support the team at our games. Not only is this indispensable to keeping up the spirit and fight of a team, but it is necessary to public support. The public will not support a team not backed up by its own college. They will not come to a game where there is no cheering and "College Spirit". These are essentials.

Now is the time to start. Form your clubs, elect your cheer leaders and co-operate with the management in the formulation of a team.

The Law School has formed a club and now numbers over 50. Don't let them get ahead of you.

"Next year," said manager McKnew, "when we are out after our old rivals and the team is fighting, you will want to be there and you will want to hear as much noise on our side as across the way."

The assistant managers were to have been appointed Monday but owing to an illness on the committee they will not be appointed until Monday. It is not too late to put your name in.

C. U. will not be played next fall due to conflicting dates. The only date open is one which comes too near the G. W. U.-G. U. game.

Graduate Manager Baer said that George Washington would have been very glad to play C. U. next fall, but he did not feel that we ought to meet any team on the Saturday prior to the game with Georgetown. He said that in his opinion too much would be at stake in that contest to risk putting any of the members of the team out of commission by scheduling what would undoubtedly prove a hard game the Saturday before.

The schedule as it stands is not very elaborate, but has listed two big con-

G. W. U.—G. U. GAME

One of the biggest gridiron struggles Washington has ever known will be staged next fall on the Georgetown field when our University meets Georgetown. This game in former years was a much greater drawing card than the Georgetown-Virginia game and was also greater financially.

The enrollments of both Universities are about equal. These students have never turned out for any game as they used to for that G. W. U.—G. U. game and they will turn out again if the proper stimulus is given in the way of good teams.

The proper formation of cheering clubs in each department will aid greatly in the outcome of this game and the other big game with Ursinus which will probably be staged on the Georgetown field.

The signing of the gridiron compacts is a public burial of the "hatchet" regarding football between the two institutions. Relationship will start with a clean slate and with the probable development of that old bitter rivalry, college rivalry, a certainty.

Football enthusiasts in Washington should be glad to hear of the arrangement, inasmuch as it will give to the city a game such that it has not had in years. Combats in the future between these two institutions are likely to exceed in a point of interest, general worth and intensity of the rivalry or any of the football engagements that have been fought on local territory.

THE "RIDER" THROWN

Our hope that the Borland Rider would be unsuccessful was realized in its defeat in the House of Representatives after much discussion and many attempts at substitutes by its author.

A measure that would surely put a great hardship upon those who are now endeavoring to obtain an education in this Institution has been defeated and defeated decisively much to the gratification of those students who would be hit hardest in case it had passed.

Now that Congressional attention is upon the subject why not better conditions for those workers who are trying to advance in the Government service by taking studies at a university after

working hours. Men who are ambitious enough to take college work after their office hours should be encouraged, for they are the men the Government wants. The Government wants efficient men. To cut off 10% of the working force would be demoralizing to the service.

To reclassify civil service workers in Washington would be a good plan. There should be created a system of retirement for age and inefficiency, and pensions.

Men who are trying to broaden their education through evening college work in order to be more efficient in office work should have promotion made easier for them. It should be possible to pay more for their services would be worth more.

This is the great and real, crying need for improvement.

THE COAST ARTILLERY

The trip which the Artillery Company took recently to the capital defenses should be a strong argument for those who are doubtful about joining. It is stated that 170 recruiting stations all over the country have reopened to enlist the additional 20,000 men authorized by Congress. Our recruiting committee has always been open for business and willing to receive new men.

Now is the time to join the Company if you have at any time expressed a desire to do so. Shortly after the University closes for the summer, the Company will go on a two weeks camp at Fort Washington. The tennis courts, baseball grounds etc., will be at the disposal of the Company members. What better camping sight could be selected?

Two big 10 inch guns have been assigned to the Company and drills in the use of them will be held. The members will also be taught in the use of the range-finding apparatus. A better pleasure and instruction camp could not be picked out.

SHAKESPEARE CELEBRATIONS

Although three centuries have passed, Shakespeare is still unquestionably the most modern of writers. Today all the world in mourning is planning to celebrate "his glorious exit from this mortal world."

Though the world is engaged in a mad strife, it stops to lay a wreath on the grave of "him who sleeps on the peaceful banks of the Avon." We stretch out our hands toward his resting place and offer our humble tribute from afar.

Throughout this country celebrations in honor of our great poet are being given. In these celebrations all classes of people are taking part, all great cities are giving special festivals in which universities and other educational institutions are taking part.

The Enosinian Society has come forward and is endeavoring to arrange for such exercises as will place G. W. U. among the other thoughtful institutions of this country. It is only fitting that our University here in the capital of the U. S. should devote some of its time to a tercentenary celebration which will be equalled by no other institution.

FOOTBALL SITUATION PROGRESSING RAPIDLY

(Continued from page 1)

tests, one with Ursinus and the other with Georgetown. Ursinus is not very well known here, but it usually puts out a very strong eleven.

Indications are that Maggy Magoffin will coach the football team next fall, and that he will have as his assistant Brown, a former Vanderbilt University player.

It is desired to obtain the services of a man familiar with conditions in Washington, and at George Washington in particular. Those in charge of athletics favor Magoffin, and seem to think that Brown would make him a good assistant. Magoffin coached one year here, being in charge in 1910, the last season we were represented on the gridiron. Magoffin is, and has been for years, a close student of the game. He has followed it as an official in each season since giving up the reins as a player and coach. He was a star halfback at Michigan in 1905 and 1906. Incidentally, it is understood that

George Washington will have some veteran material out next fall. Not only have several graduates of western universities signified their intention to report for the squad, but it is known that several others will be out for the eleven who are not now in school. Miller, who has been playing at Yale for the last two years, is to enter the Law School next fall and will be practically certain of a regular position. It also is thought that several of the youngsters who made good records as members of local high school elevens will take up work at the University and thus become eligible to represent it on the gridiron.

IN THE MAIL BAG

Communications to *The Hatchet* "Mail Bag" must be written on one side of the paper, must not exceed 300 words in length, and must be addressed to the editors. They must also be signed with the name and address of the sender. Only letters from people concerned with G. W. U. will be published. Publication of letters in this column does not mean the endorsement by *The Hatchet* of the opinions of the writer. "The Mail Bag" is an open forum, where Hatchettes can argue questions of University interest.

FINANCE TENNIS TEAM

To the editors of *The Hatchet*:

George Washington at present has no outlook for any participation in spring athletics with other colleges. This means that people outside of our own city won't begin to realize that we exist, as far as athletics are concerned, until next fall, when our football team will show them something.

Now in the student-body there are enough men for a good tennis team men who have done exceptionally well in the District matches and who have reputations in Washington as being first class tennis players. This does not include the men from outside of Washington who might have reputations in their own communities. Therefore, so far as material is concerned, we have lots of it, and exceptionally good material at that. These men are already working and have nearly gotten a squad organized.

The only trouble that remains is the greatest trouble of all, that of financing the team. If, out of a University which has an enrollment of nearly 2000, we can get 400 men to give 25 cents apiece, the greatest difficulty will be overcome, and games with Georgetown, Virginia, Washington and Lee, Annapolis, Johns Hopkins and all the local clubs can be arranged without any trouble. With such a schedule we can make a record that will bring credit to the University. If a person asks you for a quarter for the tennis team, don't be a "tight-wad", but show your "College Spirit" and help the tennis team out that much. Be sure the person collecting the money is authorized to do so.

B. M. McKELWAY.

WOULD INSTALL PHI DELTA CHAPTER HERE

(Continued from page 1.)

Johnson, chairman of the standing entertainment committee.

This banquet marked the 68th anniversary of the Phi Delta Theta Fraternity which was founded 1848 at Miami University, Oxford, Ohio.

PREPAREDNESS DISCUSSED AT SIGMA NU SMOKER

Preparedness was discussed in its every phase at the smoker given Saturday night at the University Club by Washington Alumni Association of the Sigma Nu Fraternity, and the evening was a most enjoyable one to all present, even to Judge John M. Evans, Representative from Montana, who heard his colleagues ridiculed by men more militant in their preparedness views than he is.

Judge Evans, in his talk on preparedness declared that the duty of a member of Congress was to do what the people wanted.

Dr. W. W. Christmas, a pioneer of the aeroplane told in no stinted words of the deficiency of this country in that branch of the service.

Other speakers were Maj. John C. Castner, adjutant general of the militia of the District of Columbia, and R. N. Hickman, assistant paymaster, U. S. N., Frank H. Iden, president of the Association, presided.

MGR. TERRY PRESENTS FINANCIAL SITUATION

(Continued from page 1.)

indeed. We will have a hard enough time as it is, without letting this present condition continue and become an added weight against success.

I am sure that most of the students will put forth a little extra effort, and help clear up the present chaotic state of the finances of the Association. They should do that immediately, however, and not wait for someone else to do it. So let us all unite and deny ourselves a little, if necessary, in order that the Association can have a clean financial slate when we come to support football next year.

LAW DINNER COMMITTEE MEETS

Arrangements for the law dinner were completed at a meeting of the committee, having that function in charge, Monday evening. It was decided to hold the affair at Rauscher's on May 5. From present indications this year's event bids fair to be the most successful ever held.

GLEE CLUB PLANS SPRING CONCERT

The Glee Club, following up its success of a few weeks ago when it presented an excellent program to a small but appreciative audience, is now busily engaged in preparing for a big spring concert to be given about the middle of May. Prof. Swett has already selected the music, and he is bending every effort toward making the concert a success musically. The officers of the Club are busy making the necessary arrangements, and are putting forth their best efforts toward making it a financial success.

The aim of the Club is to establish a strong musical organization that will build up a high standard of legitimate music in the University, and from the present indications they are going to be entirely successful. The 25 members of the Club are conscientiously working toward that end, and they have already made a great deal of progress under Prof. Swett's able direction. The spring concert will be the first big effort on the part of the Club, and it is hoped that the students will rally to its support.

MENORAH NOTICES

The Menorah Society held its weekly hike on Sunday afternoon. Starting from Dupont Circle, the party walked along Massachusetts Avenue to the American University. From there they took the road to Chain Bridge and then walked back to Georgetown, a distance of about eight miles. Next hike will start from Dupont Circle on Sunday, March 26, at 2:45 P. M.

The meeting scheduled for Saturday has been postponed to the following evening, Sunday, March 26, at 8:15 P. M. The Intercollegiate Menorah Association has provided for them a well-known Menorah Lecturer, Dr. A. A. Neuman, one of the faculty of the Dropsie College of Hebrew and Cognate Learning in Philadelphia. The lecture will be held in the 6th Street Synagogue, 6th and I Streets N. W., and everybody is welcome.

UNION COLLEGE CLUBS

Plans are under way to form in this and other Universities in the neighborhood union bodies consisting of Government clerks which will be affiliated with the movement among the Government departments in forming a union among its employees.

As a means of affiliating with the American Federation of Labor there has been granted a charter which provides that this organization have complete self-government.

As the matter has been explained, the employees under the Government who are taking courses in this University will join the College Union Club instead of the Government department organization.

UNIVERSITY CALENDAR

Friday, March 24.

8:15 P. M. Columbian Debating Society to hold try-outs for debate team to meet Enosinian.

Saturday, March 25.

8 P. M. Girls' basketball team plays Ingram at Epiphany gym.

Sunday, March 26.

2:45 P. M. Menorah Society to take hike. Will start from Dupont Circle.

8:15 P. M. Menorah lecture, at 6th Street Synagogue.

Monday, March 27.

Appointment, by the Faculty Committee, of assistant football managers.

8 P. M. G. W. U. Orchestra will rehearse in the A. & S. Assembly Hall.

DEAN RUEDIGER LECTURES BEFORE PSYCHOLOGY CLUB

Under the auspices of the Society of Applied Psychology, Dean Ruediger is to deliver 24 lectures before the Psychology Club of Washington which is composed of men from the Washington branch of the Ford Motor Car Company, on principles of psychology, application of psychology and problems of personal and business efficiency.

ARRANGEMENTS FOR FRATERNITY DINNER

One of the features of the country-wide movement designing to bring all university men together is that arrangements are now being made for an interfraternity dinner to which all national college fraternity men resident in Washington will be invited.

The national interfraternity conference has put the local dinner arrangements in the hands of Frank H. Iden and Carl H. Butman with headquarters at 1810 N Street N. W.

PATRONIZE OUR ADVERTISERS

WIT O' THE WEEK

If you think you have seen "Jess" Willard and his sparring partners taking road work near the University, forget it, you have seen part of the track squad.

Between Friends.

"Say, old chap, you're a good friend of mine, aren't you?"
 "Sure. And you're a good friend of mine, aren't you?"
 "Sure. And, say, I want to borrow \$10."

"Quiet, major, quiet. Listen. So do I, and if you can find anybody with a few bucks to spare, let me know, will you?"

Sense of Companionship.

"He is never alone who is accompanied by noble thoughts."
 "Or by a bank book calling for a substantial amount."

"Why does the professor stay up all night these nights?"
 "He's investigating that theory that it is always darkest just before the dawn."

Not So Reckless.

"As I understand it, you lecture on the subject of peace at any price."
 "No. My rates are \$200 per lecture."

June—Belle has put Freddie on probation, so to speak. If he doesn't take a drink for six months she'll marry him.

Grace—If Freddie doesn't take a drink for six months he'll know too much to want her to.

Teacher—Where did the Puritan fathers first set feet in America?

Boy—I guess in the oven, ma'am! It was right cold weather!

The Citizen—What is that decoration you're wearing?

The Copette—That was given me for efficiency. I'm the only lady cop on the force who can draw a gun from her mesh bag before a crook can reach the city limits.

Wise Cat Was He.

Two suburban gardeners were swearing vengeance on cats.

"It appears to me," one said, that they seem to pick out your choicest plants to scratch out of the ground."

"There's a big yellow tomcat," the other said, "that fetches my plants out and then sits and actually defies me."
 "Why don't you hurl a brick at him?" asked the first speaker.

"That's what makes me mad," was the reply. "I can't. He gets on top of my greenhouse to defy me."

THE DICTOGRAPH

"the funny part about it is that he thinks he is good looking, handsome, you know, and he really isn't, only awfully attractive. Well, even if he isn't pretty, he certainly creates that impression."
 "Oh, my, you mean George, don't you? And I thought all the time that you meant Bob Carter he is a perfect peach."

"—well, she tries to create the impression that Dorothy Davis is just about the goods."

"—he and Sumner ever got together there'd be a terrible rough-house."

"—his name is Fadeley, you can ask about him."

"Oh, Nell, yes, but you have to be so careful. She and Russell, you know, oh, dear."

PLATTSBURG MILITARY CAMP TO OPEN JUNE 5

Students Pay Only \$22.50 for Mess for Entire Camp Period; \$10.00 for Uniform; Other Equipment Furnished by the Government

Students of George Washington University should be more than interested in the Plattsburg Camps this coming summer on account of the fact that this school was well represented in the various camps last year.

Thousands of college men from all parts of the United States are enrolling for the military training camps, this summer. Ninety percent of the 2,000 enrolled in the training camps at Plattsburg, N. Y., last year were college men. The percentage at other training camps is said to have been equally large. There will be at least seven camps this year with an estimated attendance of 30,000 men.

The original Plattsburg camps will continue on Lake Champlain, where the first one will open June 5 and continue until July 2. Four other camps will follow there in succession, lasting until October 5. The first camp, under the Plattsburg idea, this year, will be the one at Fort Oglethorpe, Ga. Other camps, all founded on the Plattsburg plan, will be held at points in the Central West; San Antonio, Texas; Monterey, California; Salt Lake City, Utah, and American Lake, Washington. Others may be announced a little later.

The camps are divided into divisions which were dwelt upon in a previous issue. The junior division camps at both Plattsburg and Fort Oglethorpe begin on July 5 and run for five weeks. Enrollment committees have been established in various colleges and cities. Where there is no local committee, application for information and enrollment blanks should be made of D. K. Jay, 31 Nassau Street, New York City.

The camps supply an ideal five weeks outing, pleasurable and beneficial, and the instruction, drill, cavalry exercises, field maneuvers, field surveying and field work generally afford a clear insight into military matters.

Students pay only \$22.50 for mess for the entire four or five weeks camp period. They make a deposit of \$5.00 to cover loss or damage to Government property, but this deposit is returned if there is no loss or damage to cover. About \$10.00 is required for the uniform and personal equipment. Other expenses of the camps, such as the supplying of tentage, blankets, cots, pillows, mattresses, ponchos, sweaters and ordnance, including field equipment, are met by the Government.

WASHINGTONIANS TO FORM SHAKESPEARE SOCIETY

Plans for the formation of a permanent local Shakespeare Society and for a celebration of the tercentenary of the poet were undertaken at a meeting held at the residence of Charles O. H. Craigie.

Dean and Mrs. William Allen Wilbur are among the charter members of the Society. Dean Wilbur has also been made chairman of the literature committee.

PROF. MOORE ATTACKS WEATHER CHIEF

Prof. Willis Moore, former chief of the United States Weather Bureau, and now head of the meteorological department of this University, claims that the present Weather Chief, Prof. Marvin, is not qualified to criticize the new system of weather forecasting discovered by W. F. Carothers of Houston, Texas. In his defense of the discovery he said:

"Prof. Marvin, until being made chief, was only an instrument maker in the Bureau. He has never had the experience of making forecasts, and I do not see how he can claim the absence of scientific foundation in the theory presented by Mr. Carothers."

"The fact that ten days ago Mr. Carothers filed with a Philadelphia newspaper a forecast predicting cold weather throughout this week, while the Bureau conducted by Prof. Marvin predicted a cold wave on Thursday followed by warm weather on Friday is, I think, sufficient refutation of Prof. Marvin's remarks."

Prof. Marvin, in an address before the Ohio Society at the New Ebbitt House on Thursday night, asserted there was no sound scientific foundation in the new discovery.

INTERESTING DEBATE HELD BY ENOSINIAN

The Enosinian Society held its usual interesting meeting last Monday night. The question that was discussed was whether immigration should be restricted by the imposition of the literacy test. The affirmative was supported by Messrs. Hodgkins and Lucal. The negative was upheld by Messrs. Gilligan and Seiler. The Society voted 5 to 3 in favor of the affirmative, awarding first honors to Mr. Hodgkins.

The editor of the "Bee," Mr. Ostrow, delivered an original playlet entitled, "The Eytalian and Others," and the editor of the "News," Mr. Newman, read a paper entitled, "The New Science Hall for G. W. U."

Mr. Kayser was called upon to give an extemporaneous speech and chose as his subject, "What Men and Nations of Today Will Be Considered Great by Future Generations?"

A new member, Miss McGrew, was initiated. Miss McGrew has had considerable experience in debating and will add strength to the Society.

The Enosinian was honored by the presence of Mr. Sperry, who for several terms was president of the Society back in the nineties. He gave an interesting talk on what the Enosinian Society was and what it did when he was a member.

It is said that the tip of the tongue is the most sensitive part of the body. This may be so, but we believe the purse is. Ask the Athletic Financial Committee.

Some men will do almost anything to get their names in the papers. For instance, some are neglecting to pay their athletic debts. Well, they will not be disappointed.

Departmental Notes

ENGINEERING

Candidates for the College of Engineering baseball team should hand in their names either to *The Hatchet* or to any of the following men: W. S. James, B. C. Cruickshanks, or Roy H. Heold.

COLUMBIAN COLLEGE

The economics class was the first to occupy the new building on G street this week. The building has been entirely remodeled and makes a splendid addition to the University quarters.

Mrs. Burmeister was hostess to the Chi Omega Sorority at her home on Lamont street, Thursday afternoon March 16. Five-hundred was enjoyed by all those present.

At the last meeting of the Pre-Medical Class, R. J. Beck was elected treasurer.

ALUMNI

Rev. Samuel V. Leech, aged 79, and graduate of G. W. when it was Columbian College, died a few days ago at his home here in Washington.

As a young officer in the United States Navy, Dr. Leech sailed on board the Fulton in her famous cruise of 1854-55 in search of the lost sloop of war Albany, and with one exception is the last survivor of that fruitless voyage.

PHARMACY

The seniors will visit the factory of Sharpe and Dome, druggists, in Baltimore probably next Friday. Dr. Samuel S. Hilton, secretary of the Board of Trustees of the College of Pharmacy will arrange for the trip.

MEDICAL

The dance recently given by members of the third and fourth year classes proved to be such a success that a similar event is being planned for the near future, so rumor says. The dance was held in Studio Hall, and though the attendance was not as large as originally planned, the affair made up in enjoyment what it lacked in numbers.

B. B. Bolton of the Junior Class has been appointed Extern in the Episcopal Eye, Nose and Throat Hospital.

Robert Walton '16, is the choice of the Senior Class for the office of Grand Marshall for commencement week.

On Monday, March 13, Dean Borden delivered the second of two lectures upon "The Development of Surgery." Both lectures were illustrated with lantern slides showing the beginnings of surgery as seen in old sculptures and pottery decorations and tracing its development through the days when all a surgeon needed to do an amputation was a chopping block, a wide sharp chisel and a heavy mallet, to the modern operating room with its multiplicity of instruments and rigorous technique.

WHAT OTHER COLLEGES ARE DOING

Ground will be broken within a fortnight for a Yale armory, it is announced. The armory will be erected at Yale Field and will be completed by the opening of the fall term.

Athletics at Lehigh University will henceforth be guided by a graduate manager. His duties will be to supervise all schedules and athletic matters generally in conjunction with the duties as professor of physical education.

Cornell won the intercollegiate wrestling championship here for the fifth consecutive year with a score of 24 points. Princeton nosed out Lehigh for second place by two points, scoring 14 to Lehigh's 12. Pennsylvania made 11 points and Columbia 1.

Columbian to Debate
Enosinian Society

Former to Uphold Affirmative; Columbian Banquet to be Held March 31, at the Dewey Hotel

The Columbian Debating Society will hold its annual banquet on March 31 in the Dewey Hotel. The banquet is intended to be quite an elaborate occasion if the entire Society is behind the affair with great enthusiasm. Two honor guests will be invited, and it is probable there will be music with other forms of entertainment.

M. H. Francis, Law, '16, is chairman of the banquet committee, and all members wishing plates reserved should see him as soon as possible.

Try-outs to choose the team to represent the Columbian against the Enosinian will be held before the Columbian tonight, the contestants being composed of the first six honor men, of whom three will be chosen as the team. The subject will be "Resolved, That a commission form of government should be adopted by American cities." Messrs. Larkin, Weikert, and Stovall will uphold the affirmative; and Jacobson, Oberlin and Willy will maintain the negative.

The Enosinian team is composed of Messrs. Gilligan, Hodgkins and Lucal.

Last Friday night "Resolved, That a Federal law should regulate marriage and divorce" was debated. The negative side won, being represented by Messrs. Stovall, Hutton and E. Smith. The affirmative was held by Messrs. Larkin, O. T. Smith and Shaffer.

First honors were awarded B. M. Stovall, and second honors to N. E. Larkin.

COAST ARTILLERY NOTES

A request came forward last week as to how many examination papers for rated positions would be required by the Company. These papers are made up in the War Department and corrected there. The examination will be held on the second Monday in May and a candidate must have qualified as a First Class Gunner prior to the examination. The Company will need at least one plottor, two observers, two gun commanders, and two gun pointers, but it is believed that more than the required number will qualify.

The candidates for commissions have learned also that there are further examinations in store for the two who are lucky enough to become lieutenants. Official War Department examinations to determine officers' qualifications are held on the first Monday in May. The second lieutenant will be required to take the basic and emplacement courses, while the first lieutenant will have to take in addition to the first two the range course.

Privates William W. Nairn and Ira D. Lucal have been added to the Company's roster which continues to grow every week. Visitors are welcomed at the Armory on Wednesday-nights.

Another Sunday trip to Fort Washington is planned for April 2, and it is expected that a regular gun and plotting drill will be gone through at that time.

The amount of infantry work necessary to a Coast Artillery Company has just about been covered by the Company and the majority of the time will now be given up to purely artillery subjects and drill which will make the drill periods more interesting, especially to the large number of men who were familiar with infantry drill before joining the Company.

It is fortunate for some, that to celebrate Shakespeare's birthday it is not necessary to be familiar with his works.

It is safe to assume that the man who yells for an equal division of wealth is not going to lose anything by the allotment. Those who have not paid for their athletic tickets had better start yelling now.

With the Greeks

DON'T FORGET THE INTERFRATERNITY PROM. ON TUESDAY, APRIL 25.

Kappa Sigma will be at home to their friends on Sunday afternoon March 26.

Theta Delta Chi will hold their Twentieth Annual Banquet at the University Club tomorrow night. Janney Nichols and Lary Burton will furnish sketches for entertainment.

It is rumored that 15 of the largest national fraternities to be represented at the National Interfraternity Conference have instructed their delegates to oppose the consideration of men, who from the date of the Conference enter a preparatory school fraternity. How much harm this plan will work against "prep" fraternities, that are scarcely more than little clubs as they now stand, it is hard to say. The issue between college and preparatory sororities was on the same footing and has been studiously evaded since the rule was passed.

Theta Delta Chi and Sigma Chi are tied for the interfraternity bowling trophy. The match will be played off within the next week.

The Rho Chapter of Sigma Alpha Epsilon held its annual founders' day Banquet last Saturday night. In addition to commemorating the 60th anniversary of the Fraternity, three new members were welcomed into its order. They were Fordyce Melvin, Earls Petree and Raymond Read.

Many prominent men attended the function and gave short addresses. They were: Senators Key, Pittman and Beckham, Representatives Harrison, Dent and Flood, Judge Howy, Attorney General Graham and Honorable J. C. Smith and J. G. Capers.

Representative Sisson, of Mississippi, was the toastmaster and much of the success of the banquet was due to him.

Howard Dix, of the local Chapter, made the opening address.

Donald Harrison McKnew was chairman of the committee which had the function in charge.

Delta Tau Delta held a dance at the Fraternity House on Saturday, March 18.

At a luncheon last Saturday Phi Mu entertained, Mrs. G. B. Pierce, Mrs. F. R. Jelleff, Misses Ingalls, Caesare, Henderson, Allen, Voorhees and Edith Aultman.

The Gamma-Eta Chapter of the Delta Tau Delta Fraternity announces the pledging of Benjamin Mosby McKelway, Columbian College '18.

The Delts played host to several of their alumni last Sunday. In the afternoon Rev. Dr. U. G. B. Pierce, Rector of All Souls Church, and his wife called on the boys at their Chapter House.

Howard E. Robnett, Tufts College '08, Gamma Mu Chapter gave a dance to the Delta Tau Delta Fraternity at the Columbia Country Club, Saturday March 11. Supper was served in banquet form at 11 o'clock. Each guest brought a present and these were distributed indiscriminately—being opened during supper. Prizes were given to the girl and the man receiving the most appropriate present.

The Delts gave a House dance last Saturday night which was one of the most delightful given this year. Mrs. Mann, the wife of the Minority Leader of the House of Representatives chaperoned.

Daniel Griswold, father of Clyde F. Griswold, Ohio State '15, Beta Phi Chapter has been visiting his son at the Delta Tau Delta Chapter House for the past 10 days.

BANK CO-OPERATES WITH
UNIVERSITIES

There is under consideration a plan of co-operation between The National City Bank, of New York, and colleges for the training of students for positions of responsibility in its foreign branch bank service. In a letter to Dean Hodgkins the following request was made:

"We shall be glad to have your co-operation in recommending to us, one, two, or three of your best sophomores, and as many of your seniors, for this year's classes. We should like to have this recommendation made upon some competitive method, so that we can, if possible, select some of your students for this year's training course."

O. P. Austin, formerly professor of commercial geography in this University, is delivering a course of lectures along those same lines in this educational work.

The Bank's plan is that there be established a business fellowship which will enable students selected from different Universities to spend one year in the employ of the Bank during their four years or more in college, and in consideration of the practical work obtained in the Bank, and certain courses of study pursued while there, the universities will allow the students to graduate along with their class. The National City Bank agrees to pay the student in connection with this fellowship the sum of \$50.00 per month for the first 12 months with the opportunity of entering the permanent service of the Bank at the end of that time provided there is an opening and the student proves satisfactory to the authorities in charge. Proper allowance has also been made for the payment of fare to and from the Bank to the university where the student is taking his course.

ORCHESTRA TO REHEARSE

The G. W. U. Orchestra will have a rehearsal on March 27 at 8:00 P. M. in the A. & S. Assembly Hall. All the members are urgently requested to be present. A much augmented orchestra is necessary to carry on the work planned for the remainder of the season, and all those players of orchestral instruments who have been backward on coming forward up to this time are asked to show a little G. W. U. "pep" and come to this rehearsal.

"A sensible cigarette—
that's what I want"

There are a number of good, sensible cigarettes on the market—Fatimas are not the only ones.

But Fatimas are the best-liked and best-selling of all the cigarettes costing over 5c.

Of course, your taste may be different—you

may not like Fatimas as well as all these thousands of other men do.

But you can't deny that they are worth trying—not only for the delicious taste that has made them so famous, but also to see just how SENSIBLE they really are—how COOL and comfortable to the throat and tongue and how free they are from after-effects.

Clip out these tests and see if you can find any cigarette that meets them as well as good old Fatimas do.

Make this important test today.

Exclusively for the U.S.A.
